Petroleum center of

79-80
MOINESTI
32-J
zone

supervised by the Third Section of "SOVROMPETROL"
 of IASI (79-80 - 37-G).

There are about 350 wells which supply, in addition to
 a small refinery located in the zone indicated in the
 following paragraph, a refinery in Darmanesti (see the
 following).

Confirms Report [redacted] concerning the supply of this refinery
 of DARMANESTI.

The production of this center, [redacted] can
 according to [redacted]
 be estimated ~~from the fact that~~ the two refineries which it supplies;
 the local refinery processes (10-ton) of crude oil
~~and locally supplies, produces~~ about 20 carloads/per day, ~~at~~
~~the same rate, of crude oil~~, while the Darmanesti refinery
 produces about 80 carloads ~~per day~~ of refined products per day.

"SOVROMPETROL"

79-80
BUCURESTI
30-Q

The main office of this organization is seated
in Rumania's capital.

25X1A

Around the middle of 1948, "SOVROMPETROL" absorbed
some of the most important petroleum companies with
Rumanian and foreign capital, among which: UNIREA -
ASTRA - VEGA - COLUMBIA.

During 1949, all other petroleum companies were
absorbed by SOVROMPETROL so that this organization had
complete control over Rumania's petroleum production.
The main office in Bucarest, of which a Russian is in charge,
supervises, [REDACTED] 4 sections which
have their seats at:

25X1A

- First Bucarest
- Second Floesti (79-80 - 29-0)
- Third Iasi (79-80 - 37-G)
- Fourth Cluj (79-80 - 17-h)
